there is a One Time Settlement (OTS) Scheme under which the farmer is to be given a rebate of 25% of the 'eligible amount' subject to the condition that the farmer pays the balance of 75% of the 'eligible amount'.

As per the provisional figures, a total of 3.01 crore small and marginal farmers and 0.67 crore 'other farmers' have benefitted from the Scheme involving debt waiver and debt relief of Rs. 65,318.33 crore.

(c) The prime objective of the ADWDR Scheme was to cover all those farmers who, for some reason or the other, could not pay back their overdues to the banks and therefore, were under continued indebtedness. Such farmers, as a result, could not borrow from the banking system. ADWDR Scheme was designed to de-clog this line of credit and help such needy farmers, making them eligible for fresh credit in the process.

As provided in the Guidelines of ADWDRS, every lending institution has appointed one or more Grievance Redressal Officers (GROs) for each State (having regard to the number of branches in that State). The name and address of the GRO concerned have been displayed in each branch of the lending institution. The GRO has the authority to receive representations from aggrieved farmers and pass appropriate orders thereon.

World Bank projects in the country

†2370. SHRI JAI PARKASH AGGARWAL: Will the PRIME MINISTER be pleased to state:

(a) the States where villages have been visited by the teams of World Bank during the last three years, as on date;

(b) the purposes of their visits;

(c) the World Bank aided projects' sites visited by the said team; and

(d) the reaction of the teams of World Bank about the implementation of these projects?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI PAWAN KUMAR BANSAL): (a) to (d) The teams from the World Bank regularly visit sites where the projects are under implementation in order to monitor the progress of implementation. These sites are decided by the World Bank teams in consultation with the concerned state governments. A list of on-going projects in the country is given in the statement (*See* below).

After such site visits, these teams submit a report that outlines the status of the project. Necessary steps are then taken by the State Governments on the basis of these reports to ensure that the objectives of the project are met fully.
